

How to Apply for an Employer Identification Number (EIN)

Every unit will eventually need to have a checking account. Sometimes this gets confusing for the newly organized unit because financial institutions demand a federal tax number to open an account. There are two ways for units to obtain an EIN number.

IMPORTANT!: Do not use a personal social security number for establishing a unit's bank account. All financial transactions will be attributed to the individual unit leader providing their social security number.

Option A - Using Your Chartering Organization EIN

Due to the charter agreement and tax laws, Units and their assets are owned by the chartering organization. Some chartered partners are willing to allow units to use their tax number so their unit will be able to obtain a checking account.

Please note that in most cases, this is the preferred method for units to follow. If your chartering organization does not allow your unit to use their EIN, your unit may apply for one using the instructions in Option B

Option B – Applying for Your Own EIN

Below are specific instructions for units (packs, troops, crews, ships, posts, and labs) to complete IRS form SS-4 ([Application for Employer Identification Number](#)). The responses listed below no longer match up line for line, but do provide typical SS-4 responses for the IRS site.

Line 1

Name of chartered organization (legal name of applicant) and unit designation; e.g.: First United Methodist Church Pack/Troop 151.

Line 2

Normally not applicable

Line 3

"Care of" name (Unit treasurer, committee chairman, or chartered organization representative).

Lines 4, 4a

Mailing address, city, state, ZIP code.

Lines 5, 5a

Address, if different from Line 4.

Line 6

County and state.

Lines 7a, 7b

Name of the principal officer, grantor, or general partner (use chartered organization representative or committee chairperson, and their tax ID number. Please Note: If you do not have the chartered partner's tax ID number, leave it blank).

IMPORTANT!: Before filling in Block 8a, Type of Entity, remember that the national office issues charters directly to local chartered organizations and not to units. Units should ask their chartered organization for permission to use their EIN if at all possible.

Block 8a Type of Entity

Most units will check one of three boxes:

- A. "Church or church-controlled organization", if chartered organization fits this description.
- B. "Other nonprofit organization (specify)", if unit is chartered to a nonprofit organization other than a church.
- C. "Other (specify)", if the chartered organization is not a church or other nonprofit organization – just put troop, pack, etc.

If your unit's chartered organization has a GEN (Group Exemption Number) that the unit is permitted to use, put that number in this section. Note, however, that the Group Exemption Number used by BSA local councils may not be used by a unit.

Line 9

Check appropriate reason (one only) for applying. Most units will check banking purpose (specify) interest account, etc.

Line 10

Leave blank.

Line 11

Enter closing month of unit accounting year (most units will use charter expiration month).

Lines 12 & 13

Leave blank.

Line 14

Check "Other" and put "Youth program character development" or a similar statement.

Line 15

Put "N/A"

Line 16a

Check the appropriate box.

Lines 16b and c

As needed or leave blank.

Third Party Designee

Give the name and unit position of the contact person, such as the chartered organization representative or committee chairman.

IMPORTANT!: Remember that the tax-exempt status of a Scout unit is consistent with the tax status of the chartered organization. The employer identification number does not provide tax-exempt status.; it provides identification!

You will receive a letter from the IRS that includes your organization name and address, and your EIN. You also may receive other forms, such as Form 1023, Application for Recognition of Exemption, under Section 501(c)(3) of the IRS code.

BOY SCOUTS OF AMERICA

Silicon Valley Monterey Bay Council

Units should not use Form 1023 to apply for recognition of exemption. Among other reasons, this is due to the normally prohibitive cost, and the requirements for units to provide articles of incorporation or articles of organization with the application, annual Form 990 filings, minutes of meetings and annual audits, many other compliance items and penalties for non-compliance.
